Boston Wool.

BOSTON. Feb. 15.—Although desirable weeds are no cheaper in the local wool market, some of the minor stocks are being shaded for customers. There is but little inquiry however, and trading is almost wholly in odd lots of a few thousand pounds each. Eastern bidders regard existing prices in the west for the 1910 clip as almost prohibitive.

There has been some movement to the mills but the general market is near its lowest ebb and very little is expected until the new clip arrives.

WHEAT IS ERRATIC THROUGHOUT SESSION

vance and Then Drops to Monday's Close.

CHICAGO, Feb. 15.-Wheat had an erratic course today, and after advancing generally from 15c to 15c, fell away to practically closing figures of yesterday. Corn held its strength better and finished with a moderate advance, as did oats, while provisions ended from 12 to 20 cents off for the day.

Many new claims of crop damage furnished the incentive for an advance in May wheat prices from about \$1.123 to \$1.134. Realizing sales by former friends of top prices broke the backbone of the upward trend, and an easier tone gained impetus from the distinctionation of many traders to be strongly impressed by crop damage reports before the actual growing period begins. Sluggish demand for cash wheat also had a dragging effect and May sloped down to \$1.12361.124, other futures sliding with it. The close was easy, with July and September unchanged from yesterday's finish and May a shade up at \$1.12361.123.

Trade in corn was of great volume. May advanced from \$64.05% to \$7.6c, the other futures showing similar stimulation. The close in July was strong at well toward the high point, with May ic up at \$7.206.7c, and July 2c higher at \$7.50. May wheat prices from about \$1.125 to

A good demand for cash oats gave strength to prices and kept them in line with corn. The fluctuations were from ic to it. May traveling from 4716471c to 471c. The close was strong at nearly the high point, with May 162c up, at 4716.

\$3.50 Recipe Cures Weak Men-Free

Send Name and Address Today-You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weak-ened manhood, failing memory and lame back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

relope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest acting restorative, upbuilding, SPOT TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 3897 Luck building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge A great many doctors would charge \$2\$ to \$5\$ for merely writing out a prescription like this—but I send it entirely free.
